Summary

Versatile and results-driven engineering student with hands-on experience in full-stack development, cross-platform mobile applications, and cloud integrations. Demonstrated ability to deliver performant, SEO-optimized web solutions and scalable back-end systems using modern frameworks like Next.js, Flutter, and Supabase. Strong contributor to developer communities, with a track record of improving visibility and user engagement through technical initiatives. Adept at turning business requirements into efficient and production-ready applications.

Experience

Tech Atriocare

Summer Intern

June 2024 – July 2024

- Built a responsive web platform using Next.js, TypeScript, and TailwindCSS to enhance company visibility and SEO.
- Integrated AWS S3 and API Gateway to support secure file handling and improved backend reliability.

AWS User Group Dehradun

Member

2024 – Present

- Contributed to community website using React and Vite to improve event promotion and information sharing.
- Optimized site performance and SEO, leading to increased registrations.

Projects

OrderKaro showcase

Flutter Developer (Freelance)

- Developed a cross-platform food delivery app improving user experience and vendor visibility.
- Used Supabase for auth, DB, real-time updates; integrated Firebase Cloud Messaging.
- Created separate portals for customers and restaurant owners for full order lifecycle management.

AWS Dehradun Website awsugddn.in

- Built SEO-optimized React/Vite website that improved community engagement and event sign-ups.

Tech Atriocare Website techatriocare.com

- Led development of mobile-responsive website using Next.js and TailwindCSS; improved SEO by 25%.

Education

University of Petroleum and Energy Studies

B.Tech CSE

GPA: 8.78
